Point 8 (Article 12) on page 4 should read as follows:

**8. Article 12**

The United States notes that under its laws and procedures, as well as those of Law Enforcement authorities at state and local levels, there are objective bodies and authorities authorised to oversee as appropriate the execution and implementation of the Supplemental Agreement. For example, various departments and agencies at the federal, state and local levels have established by specific statutory provisions, regulations or administrative actions, offices of Inspectors-General, Internal Affairs divisions or designated senior officials or other components to oversee the general application of laws and procedures within the departments or agencies mandate or specific aspects thereof.
